STAR Environmental Research Seminar

October 8 & 9, 2003

U.S. EPA Region 9: Pacific Southwest

STAR

The Region 9 Science Council and the Office of Research and Development cordially invite you to attend a two-day seminar highlighting results from EPA's Science To Achieve Results (STAR) Program:

- Children's Health
- Air Pollution
- Impacts Associated with Agricultural Pesticides
- Endocrine Disruption in Birds
- Environmental Stress Indicators in San Francisco Bay

Opening remarks by Laura Yoshii, Region 9 Deputy Regional Administrator and Dr. William Farland, Chief Scientist, Office of the Science Advisor.

Presentations and posters will feature a wide range of environmental topics.
